

MOBIUS INCORPORATED

Supporting Valued Roles in the Community

2023

ANNUAL REPORT

Dear Friends,

Thank you for making 2023 yet another remarkable year for Mobius, Inc. While this year was filled with Covid 19 Pandemic issues, it was also a year of reinvigoration and growth. Our dedicated staff have persevered in supporting clients to live full lives despite the pandemic and tremendous staffing shortages. We have worked diligently on complying with new Home and Community Based Waiver requirements, lived through several construction projects at various sites, and have gone through a change in Finance Directors.

A few program highlights include:

Hiring/Promoting - Director of Finance and Administration hired from within current Mobius employees. Human Resources Associate and several DSPs hired from outside the agency.

Construction – Partial replacement of roof at 319 Main St. Community Center Building. Most recently the long-awaited bathroom renovation at Holmes House.

Promoting Volunteering – Supporting clients to give back to their home community by volunteering – dog walking, delivering groceries, woodworking projects, and more.

Community Membership - Encouraging and supporting clients to become a part of their community.

For the coming year, we will work towards further revitalization and reinvigoration by focusing on community collaboration, engagement, and involvement by both staff and clients.

Thank you for being a part of our revitalization!

Regards,
Michaela York

Community

Mission

Our Mission is to support valued roles in the community for people with intellectual and developmental disabilities. We do this by engaging, empowering, challenging, and helping people achieve their highest potential for independence and growth.

Vision

Our Vision is to see all people have the same opportunities within the community regardless of ability.
